## DYNAMIC INTERMEDIATE PROOFER

# TechnoAL PDV

MADE IN ROMANIA

| MODEL | TECHNOAL PDV |
|---|---|
| Dimensions | 750-1600(l) x 2020-2850(L) x 2400-3700(H) |
| Power supply | 400V50Hz |
| Power consumption | 1500-2700W |
| Productivity | 500-5000 pcs/h |
| Product infeed | 1, 2 or 4 pieces V type belt |
| Intermediate proofing time | Variable and configurable |
| Product Weight | 150-1800 g |
| Number of pieces / swing | 8 - 10- 12 |

## Benefits:

- 100% customizable regarding the dough workflow and technology
- Suppressing the mold and other germs develop by implementing the UV light system
- Advanced mechanical anti-lock chain prevention system
- Adjustable system for discharge flaps, allowing fine tuning adjustment
- Equipped with touch-screen for recipe-based operation, on request
- Easy integration into an automatic production line

## Functional characteristics:

- Electrostatic coated steel structure, stainless steel panels
- Transparent plexiglass panels
- Electronic variable speed drive
- UV light lamp to prevent germs
- Fan that removes excess humidity
- Double-sided enlarged discharge belt
